

1 YEAR: 1,000 GREEN SUPERS

A FREE TRAINING PROGRAM FOR ELIGIBLE MEMBERS

MEMBERS: THE LOCAL 32BJ THOMAS SHORTMAN TRAINING FUND is announcing a Green Building Initiative to teach superintendents, resident managers, and handypersons the practices that can help lower your building’s operating costs.

- ☑ Learn to increase your building’s efficiency by:
 - Reducing energy use
 - Improving heating, ventilation, and air conditioning system performance
 - Reducing water & domestic hot water usage
 - Improving indoor air quality
- ☑ 40 hour program tailored to your needs
- ☑ Flexible scheduling is available, multiple class times and locations are offered, on-site training is an option
- ☑ Prepare for industry recognized certifications:
 - Building Performance Institute, Energy Efficient Building Operator
 - U.S. Green Building Council, Operations and Facilities Management
- ☑ Earn the Thomas Shortman Training Fund Green Residential Certificate

CONTACT US TODAY!

We will contact your property manager and help coordinate your participation.
